The Honorable Roger Marshall
United States Senate
479A Russell Senate Office Building
Washington, DC 20002

Dear Senator Marshall:

Thank you for your leadership to prevent a tax increase on millions of job creators throughout the country as the Senate considers tax legislation. Your leadership will ensure that all businesses that are organized as pass-throughs will be treated fairly, so that they can continue to invest and grow.

As you know, the budget reconciliation legislation that passed the House of Representatives last month included a provision to eliminate the pass-through entity deduction of state and local taxes for certain service-based businesses, such as accountants, doctors, veterinarians, lawyers, pharmacists, bookkeepers and other professionals. This deduction has helped to provide some parity between these pass-throughs and corporations.

We appreciate your work in the Senate to protect pass-through businesses who will be worse off if the House language remains in the legislation that ultimately gets signed into law. Thank you for your continued support of pass-throughs in Kansas and throughout the country.

Sincerely,
