The Kansas Society of CPAs Elects Life Members

The Kansas Society of CPAs recently had the honor of electing 41 long-time members to Life Membership status in the Society. Life Members are individuals who have been members for 40 consecutive years – or are retired and over 65. During a member recognition luncheon at the Hyatt Regency in Wichita on Thursday, June 7, 2018, these members were presented with a recognition plaque and dues-free membership for life in the society. It has been a privilege to work with and alongside these professionals who through their activities have contributed to the success and advancement of the Society and accounting profession.

Congratulations to the following KSCPA 2018 Life Member recipients:
